Part A (100%)

My Best Friend

I took a photo with my best friend Franklin last week. Franklin is a good boy. He is nine years old. We are the same age. I am taller than him but he is fatter than me.

We have different hobbies. He likes doing crafts and going ice-skating. I like doing drama and collecting cards. Franklin and I like the same subject. We both like P.E. He is good at running. He runs faster than me. I like Franklin very much.
